

National Prohibition Demanded

Historic Assembly of Western Liberals Takes Action on Vital Public Questions

Prohibition Demanded as War Measure—Declaration in Favor of the Natural Resources Being Turned Over to the Provinces—Resolutions Against Hereditary Titles and the Granting of Any Titles Except for Military or Naval Services; in Favor of Provincial Administration of School Lands, Women Suffrage, Rural Credits and Electoral Reform.

(By Morning Bulletin Leased Wire)
WINNIPEG, Man., Aug. 7.—The Liberal convention of the four western provinces just before adjournment at eleven o'clock tonight adopted with no opposition a resolution approving of a measure of Dominion-wide prohibition. The resolution was moved by Mrs. Charles Robson of Winnipeg and seconded by Mrs. Tedford of Yorkton, Sask., and read as follows:

"That as a war measure and with the object of utilizing to the fullest extent the food values within the Dominion, the federal government should take possession of all stocks of alcohol, and the federal parliament should absolutely prohibit the manufacture, importation, exportation, storage or sale of intoxicating liquors within the Dominion of Canada."

The remarks of the ladies who sponsored the motion were brief and there was no other comment.

The morning of the first day of the convention was spent in organizing and the afternoon and evening in the discussion and adoption of resolutions which came to the convention with the endorsement of the committee on resolutions. The convention dealt with the matter of land settlement, homestead rights for women, British Columbia lands, Prince Rupert docks, the price of farm implements, rural credits, electoral reform and prohibition, during the evening, supplementing action in the afternoon on the question of natural resources, school lands, titles and woman suffrage. The resolutions committee still has to deal, it was reported, with the questions of the fiscal policy, banking problems, settlement of returned soldiers and soldiers' pensions, and the railway situation.

Party Leadership.
There has been no discussion in the open convention of war measures and party leadership. The name of Sir Wilfrid Laurier has not been mentioned by any speaker before this evening, when Delegate S. C. Varley, of Calgary, declared that he had faith in "one leader, Sir Wilfrid Laurier." There was considerable cheering. Previously Fred Stork of Prince Rupert had spoken Sir Wilfrid's name in a somewhat similar connection.

Mr. Varley at 10:40 this evening, moved that the convention adjourn until the morning so that the resolution committee might have plenty of time to get down to the real business of the convention. He said he considered resolutions such as those with which they had been dealing important, but he thought there was little use in spending much time on them until it was seen if the convention was united on its main business. Mr. Varley's proposal was voted down and the convention took up the prohibition measure before adjourning.

A fellow delegate intimated that he held the same views as Mr. Varley on the leadership, but he thought the convention arrangements should not be interfered with.

Most of the cabinet ministers and federal and local members are members of the resolution committee and have spent the greater part of the day out of the main convention hall.

Dr. Michael Clark, M. P., left for the east this morning, having taken no notice of the convention, beyond making an appearance at the meeting of Alberta delegates on Monday afternoon.

Organization.
The delegates devoted a two-hour session during the forenoon to organization. C. M. Hamilton, of McTaggart, Sask., was chosen as permanent chairman and he conducted the delegates in the election of the other permanent officials and the appointment of certain committees.

The convention hall was packed. Chas. H. Hartman, of the back row of provincial premiers, members of parliament and senators and in front were close to 800 men and women from British Columbia, Alberta, Saskatchewan and Manitoba.

Premier Norris of Manitoba, as temporary chairman, delivered the opening address and impressed upon the delegates the necessity of broad thinking and the elimination of prejudice and undue partisanship. Their motto should be "Canada at large."

There were no other speeches of any length, but delegates in their motions dealing with organization emphasized the necessity for harmony and co-operation. A message of congratulation and support was read from the Canadian army in France.

"Win-the-War" Policy.
"One of the most important things in going to ask this convention is to create a win-the-war policy," said Mr. Norris. "There has never been a time in the history of Canada when there is such a demand for unity. The spirit of win-the-war is covering all Western Canada, there will be no difference of opinion as to that, though here may be as to the measures to be taken. I have found nobody who wants to lose."

"If ever there was a debt that every Canadian owes, it is the debt he owes to the soldier who has given his life. Let us pass over sectionalism; don't let our party feelings run too deep." S. J. Latta, M.L.A., Saskatchewan, nominated O. M. Hamilton, of McTaggart, Sask., as permanent chairman.

Capt. Clifford D. Reilly, of Calgary, returned soldier late of the Monro Highlanders, was nominated. The convention decided Mr. Hamilton should be chairman and Captain Reilly vice-chairman. Mr. Hamilton took the chair.

Both gentlemen briefly addressed the convention. Mr. Hamilton, remarking that he took it as an earnest that the Liberal party was prepared to fight the battles for those dependent on the soldiers.

Knell an Official.
W. R. Wood, M.L.A., Neepawa, Man., was elected secretary of the convention, with Mrs. Knell of Edmonton and Mr. Douglas, of Rivers, as assistant secretaries.

J. B. McConica, Liberal candidate at Kerr-Sherburn, Sask., moved that the convention cable the Canadian command-in-chief, heavily congratulating him upon the splendid achievements

A GREAT OVATION!

WINNIPEG, Aug. 7.—The Winnipeg Free Press this afternoon refers to the reception given Hon. Frank Oliver in following terms: "A tremendous ovation was tendered to Hon. Frank Oliver, the veteran Al-bertan, whenever he arose on the platform."

LIABILITY OF DOMINION BY C.N.R. DEAL

Criticism Of Proposals In House—Finance Minister Reviews Balance Sheet.

(By Morning Bulletin Leased Wire)
OTTAWA, Aug. 7.—Good progress was made by both houses today in connection with the business before parliament. In the commons the entire day was devoted to consideration of a resolution to provide salaries for an overseas minister of militia and for two parliamentary under-secretaries, and to the resolution providing for the acquisition of the common stock of the Canadian Northern. There was considerable discussion and criticism of both, but the first was passed and progress was reported on the second.

The extent of the liability which the government would have to assume in the taking over control of the Canadian Northern was the chief bone of contention. The finance minister reviewed at considerable length the last balance sheet of the company. He maintained that its securities had been placed on the market at a low rate of interest and that the government would reap the advantage of good financing in the past. All outstanding obligations to contractors have been cleaned up with the exception of \$1,277,000. As to the amount required for betterments and new equipment for the next five years, he gave the company's estimate of \$12,500,000 for betterments and \$25,000,000 for new equipment. In regard to the latter item, however, he noted that the Drayton-Acworth report had placed the sum at fifty millions.

The senate will finish with the conscription bill this week and it will not be long after that before it receives the governor's sanction. In the meantime the minister of justice announced this afternoon that the clerks of the department desired all available information from members as to the place where tribunals should be established.

REPORTED EMBARGO ON COAL IS DENIED

Sufficient Now Being Produced In U.S. For Both Countries—Distribution Is Problem.

(By Morning Bulletin Leased Wire)
WASHINGTON, Aug. 7.—Reports that the United States would embargo coal shipments to Canada were denied today.

Canada has been receiving large quantities of coal from this country recently because of the Dominion's need for coal for its war effort. The American government says the United States is producing enough coal for both countries and that the problem is solely one of equitable distribution.

New England users have complained that while coal is scarce in the northern states, great shipments are going through to Canadian consumers.

Wounded Officers

(By Morning Bulletin Leased Wire)
LONDON, Aug. 7. (C.A.P.)—The following news has been received about wounded Canadian officers:
At Etaples: Lieut. J. A. Bruce, lower body, foot, forehead, slight.
At St. Omar: Lieut. J. D. Ponton, head, dangerous.
At Base Depot: Lieut. T. W. McConkey, arm, face.
At Casualty Station: Lieut. J. H. Creighton, back, shoulder.
In London: Lieut. K. L. Crowell, leg amputated; D. H. Ross, hand; C. Sheppard, arm; W. J. Mossley, knee; and Captain D. H. Storms, forearm, knee.

SEEK IMMUNITY FOR HOSPITAL SHIPS

Negotiations Being Conducted Towards This End—Prospect Of Success.
LONDON, Aug. 7.—The Evening Standard says it has high authority for stating that negotiations are in progress, towards securing immunity for hospital ships from submarine attacks. According to a despatch from Madrid, published by the Standard, it has been arranged that a Spanish naval officer will go aboard every hospital ship to guarantee that the ship is used only for the transport of sick and wounded.

DRAFT MEASURE PASSES SENATE COMMITTEE

Bill Little Changed From From Time It Left Commons.

ALL EXEMPTION PROPOSALS LOST

Habeas Corpus Cannot Be Invoked Against Tribunals' Decisions.

(By Morning Bulletin Leased Wire)

OTTAWA, Aug. 7.—The conscription bill passed committee in the senate tonight to the effect that "No conviction in law or equity shall be given to a man who had a brother, or brothers at the front; to men with families of five or six and for persons engaged in teaching were all lost. Senator Lougheed explained that the tribunals would look after all such persons.

The most important amendment was that proposed by Sir James Loughheed to the effect that "No conviction in law or equity shall be given to a man who had a brother, or brothers at the front; to men with families of five or six and for persons engaged in teaching were all lost. Senator Lougheed explained that the tribunals would look after all such persons.

The attorney general of Canada is the minister of justice. Amendments proposed to the effect that exemption should be given to men who had a brother, or brothers at the front; to men with families of five or six and for persons engaged in teaching were all lost. Senator Lougheed explained that the tribunals would look after all such persons.

Sir James Loughheed stated that the government desired the act to contain a plain declaration that habeas corpus could not be invoked against the decisions of the tribunals.

NATIONAL GOVT. IS WINNIPEG VETERANS' AIM

Committee Appointed To Intervene Western Liberal Convention On The Question.

(By Morning Bulletin Leased Wire)

WINNIPEG, Man., Aug. 7.—That a committee be appointed to intervene with the Liberal convention and urge upon the convention the views of the Army and Navy Veterans in Canada of the necessity of a national government committee of representatives of the two great political parties, representatives of labor, agriculture and other industries, and other important classes of our people for the purpose of carrying out the proposed policy of conscription and an aggressive win-the-war program. That he ask the members of the committee to urge the Liberal convention and urge upon the convention the views of the Army and Navy Veterans in Canada of the necessity of a national government committee of representatives of the two great political parties, representatives of labor, agriculture and other industries, and other important classes of our people for the purpose of carrying out the proposed policy of conscription and an aggressive win-the-war program.

Canada has been receiving large quantities of coal from this country recently because of the Dominion's need for coal for its war effort. The American government says the United States is producing enough coal for both countries and that the problem is solely one of equitable distribution.

New England users have complained that while coal is scarce in the northern states, great shipments are going through to Canadian consumers.

The foregoing resolution proposed by J. Hillyard Leech, K.C., and seconded by Major G. F. R. Harris, was unanimously adopted at the quarterly general meeting of the Army and Navy Veterans tonight, held under the chairmanship of the president, Lieut. Col. G. F. Carruthers.

A Manitoba delegate from a provincial city who is a member of the A. and N. V., will sound the feeling at a meeting of the Manitoba Liberal delegates to be held tomorrow morning at 9 o'clock, as to the feasibility of a delegation of veterans being granted an opportunity of presenting the foregoing resolution and speaking to it, before a representative committee of the entire convention.

ALTA. DELEGATE ROBBED OF \$150

(By Morning Bulletin Leased Wire)
WINNIPEG, Aug. 7.—W. B. Thorne, an Alberta delegate to the four-province Liberal convention in session here, complained to the police that on arrival at his hotel he found himself minus his pocketbook containing \$150, evidently having been a victim of the light-fingered fraternity. He says that he left the train on Monday with about forty others that he was crowded on more than one occasion.

FIXED PRICES FOR BRITISH FARMERS

(By Morning Bulletin Leased Wire)
LONDON, Aug. 7.—The corn production bill which proposes to pay fixed prices to farmers for cereal crops for a number of years after the war, passed third reading in the house of commons today. The vote was 108 to 14.

FUNERAL FOR MR. MCBRIDE

LONDON, Aug. 7.—The funeral of Sir Richard McBride will be held tomorrow from his residence, Thirloe square, to Golder's Green crematory.

CHIEF JUSTICE SAYS LABOR ORGANIZER MAY BE INDICTED

Murder Case Arising Out Of Plumbers' Dispute At St. John, N.B.

(By Morning Bulletin Leased Wire)
ST. JOHN, N.B., Aug. 7.—In addressing the grand jury this morning on the case of John O'Brien and Everett Carland, charged with the murder of Robert Harris, Chief Justice McKeown said that it would have been possible to also indict the plumbers' organizer, Bruce of Toronto, who has been here since before the beginning of the strike.

He added that even yet he might instruct the crown officials to prepare an indictment against Bruce. His lordship briefly reviewed the evidence which was given at the preliminary hearing and the case then went to the jury.

GERMANS HOLD STRONG POSTS EAST AFRICA

Strongly Fortified Defences Concealed In Dense Bushes—Heavy Losses Both Sides.

(By Morning Bulletin Leased Wire)

LONDON, Aug. 7.—The beginning of a forward movement in the Lindi area in East German Africa, is described in an official statement tonight. The offensive began August 2, when the Germans were driven from their advanced positions on the Mibubi stream, ten miles southwest of Lindi. On August 3 the enemy's main positions were assaulted in a frontal attack by African troops, who made some progress, but the turning movement intended to envelop the Germans' right flank encountered strongly-posted defences, concealed in dense bushes. Severe fighting ensued, the enemy vigorously counter-attacked, the British, Indian and African forces fighting with great gallantry.

The action was indecisive, the losses on both sides being considerable. The British forces are entrenched on the ground gained, the statement says, and the advance will be resumed shortly.

SASK. WHEAT FILLING WELL

REGINA, Sask., Aug. 7.—The cool weather of the past week and local showers generally have done much good to improve crop conditions throughout Saskatchewan. Wheat is filling well and cutting will be general in about ten days. Oats are very short in straw and from present indications low in yield. Cool weather continues.

OVER-SUBSCRIBED

WASHINGTON, Aug. 7.—The treasury's offer of \$300,000,000 in certificates of indebtedness maturing November 15, the first financing under the new Liberty bonds, was over-subscribed when subscriptions closed at 3 p.m. today.

PROMISED NOT TO ANNEX BELGIUM

Express Undertaking Made By German Govt. To Britain In 1914.

(By Morning Bulletin Leased Wire)
LONDON, Aug. 7. (Via Reuters' Ottawa Agency).—Lord Robert Cecil, minister of blockade, stated in the house of commons tonight that as far as he was aware, the German government had been careful not to remind the world that they had expressly promised in 1914 to Great Britain, not under any pretext whatsoever, to annex Belgian territory; but from the tenor of communications emanating from sources apparently inspired, this was a promise which, if they could, they proposed to renege.

Replying to a suggestion that the new German government should be asked whether they adhered to this pledge, Lord Robert said that the British government had no means of communicating with the German government.

EXCHANGES OPPOSE SAMPLE MARKETS

(By Morning Bulletin Leased Wire)
OTTAWA, Aug. 7.—Representatives of the Winnipeg grain exchange, the Dominion grain commission and the railways waited upon Sir George Foster and Hon. Robert Rogers this morning and discussed the question of the establishment of sample markets at Port William. The exchange men oppose the move and urged that it be not decided until normal conditions have re-asserted themselves, after the war. The railways object on the ground that the movement of the crop would be delayed at a time when transportation is in a somewhat critical condition.

TO BORROW 250 MILLION POUNDS

(By Morning Bulletin Leased Wire)
LONDON, Aug. 7.—Andrew Bonar Law, chancellor of the exchequer, introduced in the commons today a formal resolution authorizing the treasury to borrow another £250,000,000 on the security of the consolidated fund of the United Kingdom, and announced that a war loan bill for this purpose will be introduced within a few days. The resolution was adopted.

1000 OUT OF 1350 RETURN

AN ATLANTIC PORT, Aug. 7.—Out of one detail of 1350 wounded men sent for special treatment to a London hospital suffering from crushed and broken bones, 1300 were able to return to active duty at the front, according to Major J. E. Goldthwaite, an orthopedic surgeon, of the United States Army medical reserve corps, who arrived today from Europe.

Canadians Continue to Extend Saps in Face of Daily Curtains of Fire

Now on South and West Outskirts of Lens which Apparently Cannot Long Withstand Capitulation—Elsewhere on Western Front Hostilities Virtually at Standstill Except for Bombardments—Disaffection in Russian Ranks Has Enabled Enemy to Drive Them Out of Most Galicia and Bukovina.

(By Morning Bulletin Leased Wire)

LONDON, Aug. 7.—Aside from the Russian theatre, the hostilities on all the fronts are virtually at a standstill. Bombardments, at some points attaining fairly violent proportions, and here and there small infantry manoeuvres, have occurred on the front in Flanders, but as yet the operations have not taken on the aspect of a contemplated resumption of the bad allied drive which the bad weather of last week brought to an abrupt end.

The Canadians operating against Lens have again made thrusts of a successful nature into the environs of the already encompassed coal centre, which apparently cannot long withstand capitulation. By the use of certain fires the Germans are endeavoring to keep back further encroachments into their terrain here, but even with this fire against them, the interdicted Canadians continue almost daily to extend their saps, and are now on the south and west outskirts of the town.

Penetrate German Lines

The aspirations of the German Crown Prince to win victory against General Petain have not as yet been achieved. In the Champagne region the French have penetrated German lines at three places and on the famous Avocourt Wood-Hill 304 sector of the Verdun front have put down with losses an attempt at an attack.

Having been enabled, mainly through the disaffection in the Russian army, to drive the Russians out of the great part of Galicia and Bukovina, the Austro-Germans now have begun in southern Moldavia a manoeuvre the success of which would secure the success of the Russian line of the Russian line.

At several points farther north the Russians are at grips with the enemy at Lens. The Canadian Army Headquarters in France, Aug. 7.—Canadian outposts around Lens have established a new line in a group of houses within a few yards of the enemy front line at that point. The Lens-Bethune road is now safely within our lines almost up to the city of Lens.

The enemy does not intend to submit to the loss of Lens a little bit at a time as in recent advances without making a fight for it. While our outposts were establishing their new position this morning the Germans turned loose a heavy artillery and machine gun barrage upon the crater recently captured by our forces. Shells, scattered by the barrage, his infantry advanced upon the crater which was only lightly held as an outpost. Our men in the crater withdrew without suffering any casualties, and the Germans re-occupied it. Destructive artillery shooting was continued yesterday by our artillery at an accelerated rate because of the heavy light, but dull weather has come again and the gunners have again slowed up.

SAY OFFICIALS NEGLECTED TO ENFORCE RULES

Jurors Investigate Death Of Man From Injuries At Winnipeg C.P.R. Shops.

(By Morning Bulletin Leased Wire)
WINNIPEG, Aug. 7.—An inquest held this evening at the central police station in respect to the death of A. Davidson, August 3, the jury returned a verdict to the effect "that the deceased died as a result of injuries received while doing his duty in the Canadian Pacific railway shops at Winnipeg. In our opinion the accident was due to negligence on the part of the Canadian Pacific railway officials not taking the necessary precautions to see that their rules are enforced."

According to the evidence of two witnesses, the deceased went to fix a blow out of the fuses which had impaired the efficiency of the electrical machinery. When he was engaged the overhead crane used for distribution of material through the whole length of the building, which was operated by the first mentioned witness, approached the point where Davidson was working.

Recounting Davidson's danger, one of the witnesses shouted to Davidson, but before his attention could be attracted the crane was too close to him and his only chance of escape was either to drop a distance of 35 feet, or to cling to the crane as it came along. Davidson had apparently decided on the latter course and it was while trying to jump on to the crane that he was crushed between the footboard of the machine and the end wall of the building.

Intense Artillery Fire.
The war office statement reads: "Western front: To the south-west of Brody, in the region of the village of Duba and Zarkov, one enemy is conducting an intense artillery fire. To the south of Grimalov one advance detachment drove back one of the enemy's advanced posts. In the region to the west of the Zbrocz enemy troops are hastily gathering the harvest."

"In the valley of the River Bereth, and chiefly of the River Suchava, the enemy is continuing to press back our troops. The villages of Vasovoy, Batumary, Radavay, Buria and Gilt were occupied by the enemy."

Beat Off Attacks.
"Roumanian front: In the direction of Kimpulung the enemy, after a battle, has occupied the heights to the north of the railway station of Molli. In this region the cadet corps of the 26th Infantry Regiment, under the command of Captain Luckhin, beat off several attacks of the enemy and forced them to retire in disorder. Two of our machine gunners, Protosenko and Walktrus, took prisoner a German soldier and a Russian deserter of three non-commissioned officers and twelve privates."

"In the region to the west of Baslin enemy attacks were repulsed. On the River Bystritsa, near Kotorgachi and Koshnaborchel, two regiments of one of our divisions voluntarily left the positions occupied by them and went to the rear, which caused our troops to retire from this region a few versts to the east."

"In the direction of Poleshans, the enemy began an offensive along the Poleshans-Maraschitz railway and the Poleshans-Chiusels railway."

"On Aug. 6 the enemy occupied our positions in this region, having pressed our troops back across the River Tyrladusky."

"Caucasus front: Unchanged. Aviation: Our airplanes dropped bombs on the railway station at Baranovichi. Successful hits were observed."

Upper House Of Legislature Has Rejected Taxation Of Business Profits Bill.

(By Morning Bulletin Leased Wire)
ST. JOHN, Nfld., Aug. 7.—A political crisis developed in the legislature today when the upper house rejected the bill for the taxation of business profits for war revenue.

It is said the government will propose the legislature tomorrow and consider further action.

This may take the form of an attempt to force the bill through a special session, or there may be an appeal through a general election.

PRISONERS IN GERMANY NOW

(By Morning Bulletin Leased Wire)
LONDON, Aug. 7. (C.A.P.)—These Canadians are reported prisoners in Germany: 181,298 Joseph Addis; 180,849 John H. Smith; 117,489 George Proctor; and 504,824 Pte. MacDonald.

HISTORICAL ASSEMBLY OF WESTERN LIBERALS TAKES ON VITAL QUESTIONS

(Continued from Page One.)

gions would be held in the industrial bureau. It was decided that the resolution committee shall consist of 20 delegates from each province in addition to the federal members and candidates for the federal house.

At 12:30 the convention adjourned until 2:30 p.m. At that hour Alberta and British Columbia delegates were to report on their suggestions of members for the resolutions committee at 2 p.m.

Alberta Prominent. The afternoon session devoted itself to consideration of four resolutions submitted by the resolutions committee and passed them all without dissent. They declared in favor of turning over to the provinces the natural resources; against hereditary titles and the granting of any titles except for military or naval services; in favor of creating the provinces the administration of school lands and in favor of women suffrage.

Alberta delegates took a prominent part in the presentation of each of the first three of these resolutions.

In moving the resolution calling for the handing over to the western provinces control of their natural resources, Hon. A. E. Sifton said that the reason for inaction on this important question in the past was that there had not been sufficient power in the provinces affected. "Times have changed, however," he said, "and conditions now prevail when Western Canada can no longer be kept from justice."

The resolution was seconded by S. J. Latta, M.L.A. for Govan, Sask., and enthusiastically carried by the convention.

The resolution which declared against all hereditary titles in Canada and all other titles except for military or naval services was seconded by brief speech by Alex. Stuart, K.C., of Edmonton, and adopted without dissent.

School Laws. In seconding the resolution declaring in favor of turning over to the three western provinces the administration of the fund received from the sale of school lands, which was moved by Hon. Ed. Brown, Hon. J. R. Boyle, minister of education for Alberta, said that one of the drawbacks to extending the advantages of education in the provinces was the cost of obtaining it.

The great majority of parents were quite willing to give their children all possible educational advantages, the expense being the only deterrent.

The Dominion government in turning over to the provinces these school lands would not be getting the lands which had cost anything. The lands have become valuable only because of the development of adjacent lands by settlers. Under provincial control he believed that educational schemes better than those existing in any of the provinces now would result.

WINNIPEG, Man., Aug. 7.—At the evening session, one of the important resolutions was introduced by Hon. Chas. R. Mitchell, Alberta, and dealt with rural credits. The speaker said the resolution was the effect that the Dominion government should assist the Western provinces to the extent of lending money to them for purposes of rural credits.

The speaker said that the scheme of rural credits which had its inception in 1911 when representatives of the three Western provinces accompanied the United States commission to Europe to investigate and report on the system in vogue there. As a result Alberta, Saskatchewan and Manitoba inaugurated the system now in effect when it was found that the Federal government would not take initiative unlike the United States which now has in operation a national scheme of rural credits.

This scheme he believed was the best possible under the conditions but the advantages could be greatly extended if the Federal government would make funds available to provinces for this purpose at actual cost. He realized that the present was a time of financial stringency but he contended that the war was over and financial conditions had been adjusted the assistance asked for in the resolution should be accorded.

J. H. Haslam, Regina, seconded a resolution contending that interest in postal savings deposits should be increased to three and a half per cent.

J. G. Turgeon, Ribstone, in a stirring speech seconded a resolution introduced by Hon. T. Johnson, Manitoba, calling for electoral reform.

On the motion of J. G. Turfitt, M.P., seconded by T. A. Crear, the following resolution was adopted:

"That as the general progress and prosperity of our people depends in a very large measure upon our agricultural development and as the obligations assumed by Canada by reason of the war and of our existing railway situation can best be taken care of by increased production, it is imperative there should be inaugurated without delay a comprehensive scheme of immigration and land settlement; such scheme to be evolved and carried into effect by the co-operation of federal and provincial authorities, and to embrace the principle of giving assistance in the direction of making available for suitable settlers the vacant land now owned by speculators, railway and land companies, and located in existing well-organized communities within easy reach of railway and marketing facilities."

Homestead Rights for Women. Miss Lynn Flett, of Winnipeg, and Miss Wilson, of Harris, Sask., spoke in advocacy of a resolution providing that equal rights should be given to women in the matter of homesteading which was passed as follows:

"The homestead act at the present time gives to male British subjects of 21 years and widows with minor children 160 acres of free land providing they fulfill certain specified conditions. It is resolved that this convention go on record that the act be extended to permit women to file a claim and upon fulfilling similar conditions to receive their patent."

Peace River Lands. Premier H. C. Brewster, of British Columbia, moved the following resolution respecting British Columbia lands:

"Whereas the retention by the Dominion of the title to the lands in the Peace River District and the railway belt leads to an unnecessary, expensive and embarrassing duplication of offices, agencies and administration and is particularly embarrassing in the administration of the minerals as well as the lands of the railway belt;

"Resolved, that in conforming with the request put forward with regard to land and mineral resources in the three prairie provinces we strongly urge that the same policy be pursued with regard to British Columbia and that all lands, timber, water and minerals in the Peace River District and railway belt be transferred to the province of British Columbia."

Premier Brewster and Premier A. L. Sifton, of Alberta, moved and seconded the resolution very briefly, and it was adopted without further debate.

Dry Dock for Prince Rupert. Prof. Stork, of Prince Rupert, B.C., spoke of the needs of Northern British Columbia and moved a resolution that the Dominion government be urged to maintain a permanent and efficient dry dock at Prince Rupert. There was a dock at that point which cost two and one-half million dollars and it had been idle for two and one-half years.

Mr. Stork referred to Sir Wilfrid Laurier as "Our great leader."

Hon. T. D. Pattullo, of British Columbia, seconded the resolution, which was adopted. The resolution reads:

"Whereas, elaborate and modern drydock and shipbuilding plant costing two and one-half million dollars has been in existence in Prince Rupert for the last three years, the interest on the bonds being guaranteed by the government, and whereas, no steps have been taken by the Dominion government to make use of the same and it remains neglected and out of use, and this neglect has become a public scandal; be it resolved that the Dominion government should at once cause to be installed a permanent and efficient staff and materials plant, and that building and repairing of ships may be carried on in the national interest, and this convention pledge itself to the enforcement of this resolution."

Election Reform. T. H. McConica, of Luseland, Sask., moved a resolution urging a federal investigation into the election system. There was no opposition.

Reform of the election laws was demanded in the next resolution, moved by Hon. T. H. Johnson, minister of justice for the Manitoba government. The motion would prohibit contributions to election campaign funds by corporations and officers of corporations, limit the expenditures by or on behalf of candidates; provide publicity for election contributions and expenditures, and provide for the operation of said drydock, so that building and repairing of ships may be carried on in the national interest, and this convention pledge itself to the enforcement of this resolution."

Alex. Stewart, of Edmonton, wanted to prohibit the hiring of brass bands and other "displays" during elections, and thought the government should provide halls for the meetings in election contests. Mr. Johnson's motion was carried.

S. C. Varley, of Calgary, moved that the convention adjourn until the morning so that the resolutions committee might have the benefit of time and get down to the business which had brought them together.

"I have faith in one leader—Sir Wilfrid Laurier," he said, "and I am confident that he will have taken the motion was voted down by a large majority and the session continued."

Hotel Arrivals.

SANGUDO. Three carloads of settlers' effects arrived yesterday from Warroad, Minn., U.S.A., accompanied by Mr. Wesley Arthur, E. K. Rockney and Mrs. Martha Oaker. They are going to settle west of Sangudo a few miles. They brought with them a fine lot of dairy cows and will go in for mixed farming. If these people like this country, they will be welcomed by the families who have moved here from Warroad. They are very much pleased so far.

August 1st was a busy day in Sangudo. Seven cars of cattle were shipped and the hotel and stores had all the business they could handle.

Born—To Mr. and Mrs. R. Hawes, of Wankaville, twins, this morning.

There will be a dance tonight at Ed. Thingstad's new residence in celebration of the new home, which is a new two-story house.

Mr. J. Andrew will be in next week with a fine registered stallion for Greenoak district.

Wankaville is eighteen miles from Sangudo and Mr. Wank, who runs the store and post office at that point, brings from ten to twenty gallons of cream each train day for shipment to Edmonton.

Sangudo district had a fine rain all day Friday. The crops are looking fine. It was bad for the haymaker, but they are willing to put up with the rain which practically insures a good crop.

Sangudo, August 4th.

SICK WOMAN HAD MANY IMPORTANT ADDRESSES WERE DELIVERED AT THE SOCIAL SERVICE CONFERENCE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enthusiast, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I had anyone to help I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother I guess I had better try Lydia E. Pinkham's Vegetable Compound."

"I will have to die as there is no help for me." She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."

—Mrs. AUGUSTUS BAUGHMAN, Box 51, Enthusiast, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can get health by Lydia E. Pinkham's Vegetable Compound?

If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

SOLDIER RECOVERS MEMORY AFTER NEARLY 3 YEARS

Wounded in Retreat From Mons—Solves A London War Mystery.

LONDON, Aug. 7.—A soldier in the London hospital, wounded in October, 1914, in the retreat from Mons, had lost his memory completely and had never been identified, has "come back" after nearly three years and a famous war mystery has been solved.

The man's name was printed recently and was seen by Joseph Butler, of London. He suspected it was his brother and sent an old friend to visit the man.

The friend entered the room the patient recognized him and called cheerily, "Hello, Jack. Come, sit here and talk with me."

The only fact concerning himself that John Butler had been able to recall was that he had belonged to the Cornwall regiment. At the hospital he was known as John Mason. He is now on the road to complete recovery.

STILL NO TRACE OF MISSING WOMAN

No trace of Mrs. A. L. Gillis, the South Side woman who disappeared Saturday, has yet been found, according to an announcement made by police officials on Tuesday evening.

A keen search is being made for the missing woman. The husband of the missing woman is said to have given up all hope of ever again seeing his wife.

It is feared that in a frenzied moment of madness she may have taken her own life. The tiny infant she leaves behind is being tenderly cared for by friends.

NORTH VANCOUVER ASKS FOR ADVICE

North Vancouver is asking Edmonton for information as to the bylaws governing the operation of the electric power and light utility.

The B. C. Electric Supply Co. held the franchise for the light and power use in the city, with a provision that the city should have the right of purchase in ten years' time. The city having given notice that they would take over the utility, the company fought the agreement, but now news has come from Edmonton that the appeal has been dismissed.

Now that the way is clear North Vancouver is going ahead with the business of taking over the utility.

City Police Court

W. Barnsley Hughes, a local justice of the peace, occupied the bench at the police court Tuesday morning.

He will preside at all sessions of the court until the return from the Winnipeg Liberal convention of Magistrate L. T. Barclay.

N. H. Jaeger was fined \$2 and costs on a charge of being drunk on the streets. He told W. C. Hume, Justice of the peace, that he had been merely holding a week-end celebration following his quitting work Saturday afternoon.

Two youths, aged fourteen and sixteen years, were found by the police at midnight Sunday "joy-riding" in a missing automobile, the property of H. Elliott, 3225 100th street. Two members of the police force set out in one of the city's automobiles when the loss of the car was first reported.

They located the stolen machine by following a Ford car which was being driven around the city without lights and which later proved to answer the description furnished by H. Elliott.

The boys, both of whose fathers are fighting overseas, are being detained at the children's shelter.

BULLETIN CORRESPONDENCE

Sangudo, August 4th.

Dr. Talbot Speaks On "Diseases Of Livestock" And Dr. Jamieson On "Public Health"—Dr. Miller Talks On The Work Being Done For The Returned Soldiers.

Tuesday afternoon's session of the social leadership conference at the University was presided over by Dean Howes, not as many being in attendance as at the morning session. The chairman suggested a better attendance and more "on time."

Dr. Talbot, the provincial veterinarian, that speaker, his subject being "Diseases of Livestock." Much of his time was taken up with the consideration of blackleg, this disease, he said, the worst to contend with. While it was called an address on the program, the time was largely spent as a question and answer meeting. Dr. Talbot replying to the queries put to him quite freely.

He said that if he could have his way there would be a law making vaccination for blackleg compulsory.

The disease in Alberta made its appearance in winter especially in the southern part and on high land, and not altogether in low marshy places as was generally supposed; in old and fat cattle as the latter had more lactic acid, and often the pure breeds were attacked, which was accounted for through the fact that they were thinner and there was the additional recommendation that any on hand at the end of the year could be turned in and be replaced by fresh. It could be recalled that from the provincial agricultural schools and farms.

The speaker suggested that care be taken to start soon with the treatment as it takes two weeks to produce immunity while two days were required for blackleg to show itself.

Blackleg was very contagious. The chief symptoms were noticed through the mouth, the head and the feet. When the herd was driven home; an inclination to lie down anywhere off by itself, and pulpy swellings on the body, covered by a skin which would give forth a crackling sound. The doctor said that when the swellings appeared there was not the slightest doubt that the animal was affected.

When death came the head would froth at the mouth, and upon cutting the skin over the swelling a yellow tissue would be found underneath. The death would take place within a few hours of the appearance of the trouble.

As to Sheep Respecting the diseases of sheep, the speaker said that scours was the most common and was being given much attention. For goats in lambs he suggested that tincture of iodine be used as soon as born.

Dr. Jamieson followed with an address upon "The Health of Alberta" opening with the assertion that the value of good health was shown by the fact that the average length of life was increasing, being 15 years more in England than some time back. A number of charts were used. Tuberculosis was enlarged upon, and shown to be the great destroyer, carrying off more victims annually than war.

Housing conditions played a large part in the death rate of children, that of the borough of Edinburgh being included to, where in houses of one room there were 260 deaths, places of two rooms, 160; three rooms, 125, and four upwards, 100 deaths.

Improper feeding had to do largely in the number of deaths in infancy, the rate per thousand being given as 314.9 as against 113.9 for breast feeding.

Summer complaint was most prevalent in July, August and September than the other months, such being much higher in the winter months when the conditions in connection with milk were much better.

Whooping Cough and Measles. It was given out that the death rate from whooping cough and measles, looked upon as sort of necessary diseases, were 48 and 28 respectively, and for diphtheria the rate was 22 and scarlet fever 11. In the working class the death rate was 505, the middle class 173 and in the rich class 89.

The death rate in Alberta was given as follows: Diseases of infancy, 642; tuberculosis, 218; pneumonia, 312; diarrhoea, 228; accidents in mines and quarries, 197, and heart disease, 188.

Poor housing, carelessness, and so on, were causes of the spread of disease and every effort should be taken to see that conditions were improved along these lines.

Sanatorium Needed. A sanatorium was badly needed, but until the people were educated up to the real necessity of the case, nothing would be done. This was pressed by Dr. Jamieson.

"HAD ALMOST GIVEN UP" Sarnia, Ont.—"About 27 years ago I was taken very bad, my blood, too, was in bad shape. I got so I had to go to bed and I was there for over three months. I could not eat and I suffered untold agony. I had three of the best doctors I could get but it just seemed nothing was going to help me. I had almost given up. I thought I could never be any better and I was willing to give up and die rather than suffer as I was. A neighbor of mine told me of Dr. Pierce's wonderful remedies, and I decided to try them to use his band bought me six bottles of 'Favorite Prescription.' I had not taken it long until I felt better. In less than six weeks I was out of bed, and have been well ever since. Do all my own work. I have raised three daughters, two are married and have children. They have used it and they are healthy, so are their children. I am sure it was all on account of my having them use the medicine."

"I keep all of Dr. Pierce's medicines in the house. Have 'Favorite Prescription,' 'Golden Medical Discovery' and 'Smart-Weed'—anything prepared by Dr. Pierce is good. I also have a copy of the People's Common Sense Medical Adviser, which I have had 26 years; it has been very valuable to me."—Mrs. J. Way, 232 Ontario St., Sarnia, Ont.

If you are a sufferer, if your daughter, mother, sister need help, get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer today. When addressed to J. C. Pierce, Invalid Hotel, Buffalo, N.Y., get confidential medical advice entirely free.

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy will be sent to anyone sending fifty cents in stamps to pay the cost of wrapping and mailing only, to Dr. Pierce, Buffalo, N.Y.

Dr. Pierce's Pleasant Pellets are the largest liver pills first put up nearly 50 years ago.

Improve Your Complexion

Get your blood pure, keep the liver active and the bowels regular, and disfiguring pimples and unsightly blotches will disappear from the face. For improving the complexion and putting the blood in good order

BEECHAM'S PILLS

are safer, better and surer than cosmetics. They eliminate poisonous matters from the system, strengthen the organs and purify the blood—bring the health-glow to the cheeks, brighten the eyes, improve and

Beautify the Skin

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U. S. A. America. In boxes, 25 cents.

earnings. He set forth that education was passing from the home to the school—the gains being university and more scientific education. Recreation had also large passage from the home to the school ground, playground and motion pictures. The speaker enlarged upon the home, showing that often material necessity kept the family apart, and he gave well-timed messages on marriage.

NEWS OF DISTRICT

BEVERDERE Bulletin Correspondence.

A. D. Henderson is staying a few days in Beverdere. He is from Peace River and is on his way to Edmonton to visit his relatives and purchase a stock of goods for his new store in Peace River.

Mr. Wheeler, who left Edmonton with the Irish Guards, has been reported killed in France. Mr. Wheeler taught school in Beverdere just before joining the army. The children will remember him as their first teacher who taught singing in the school. He leaves a wife and son and mother in England to mourn his death.

Mr. and Mrs. Waterstrat and daughter left for Chicago last week, where Mrs. Waterstrat intends going under an operation. Mr. G. Syley will look after their farm during their absence.

Mr. Robert Clarkson has returned to his home from France. He was sent home on account of heart trouble. His friends hope the farm life will restore him good health again.

Mrs. Morgan is visiting her son and daughter in the city.

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Secretary-Treasurer, Irvington School District, No. 5490, at the Office of the Secretary-Treasurer, up to noon August 20th, for the erection of a Frame School Building. Plans and Specifications may be obtained from the Secretary-Treasurer on payment of a deposit of \$5.00, which will be returned on receipt of a bond for the same amount and a specification. The lowest or any tender will not necessarily be accepted.

G. THOMAS, Secy.-Treas., Avondale Farm, Woodland, August 7th, 1912. Phone Rural 4506.

Mr. and Mrs. Hughes, who have been chiding at Lac la Poudre school have left after about three years' service there and went through here on their way to the Rockies, where Mr. Hughes has secured another school.

The last few days of July have brought a long needed rain of about two inches which will set the grain and late grass in good form. Otherwise the crops would have suffered from the long continuance of dry weather.

Sion, July 31st.

NEAR CORNER OF FIRST AND JASPER

AFTER JOURNEY OF TWO YEARS POLICE COME FROM FAR NORTH WITH THEIR ESKIMO CAPTIVES

Great Interest Taken By People Of Hinterland In Famous Trip Of Red-Coated Guardians Of The Law—Prisoners Trust Their Captors And Follow Them Anywhere—Expected here Thursday night

It is likely that the Eskimo trial will start here on Tuesday, August 14th. The Federal Department of Justice will be represented by C. C. McCall, K.C., and Messrs. Landry and Levesque. The prisoners will be heard by Chief Justice Harvey. They will arrive here Thursday night.

On Tuesday morning, the whistle of the Peace River, about 7:30, without a sound of chain or of a journey of over three thousand miles, that occupied the greater part of two years, the two Eskimos, Sinnialak and Wukuk, who are charged with the murder of two missionaries, Father Roulet and Father Levesque, arrived in the city. They were taken from the Arctic coast by the police, Inspector C. D. Landry, Corp. V. Druce and Constable J. F. Light on the patrol in Canada to Peace River Crossing.

REV. C. J. PRITCHARD LEAVES WITH C.A.M.C.

Rev. C. J. Pritchard, who was chaplain to Bishop's House and Holme, successfully, and did good work among the Indians, in the Athabasca Landing district, during the years 1908, '7 and '6, will leave Calgary with the next draft of the C. A. M. C. bound for England. Mr. Pritchard was born in Hampshire, England; he has resided in Edmonton since 1908 and joined the Army Service Corps early last year, from which he was recently transferred to the C. A. M. C.

MOTORISTS BACK FROM AUTO RUN TO NATIONAL PARK

They Report Having Had Pleasant Time at Calgary and Banff

Returning from their auto trip to Calgary and Banff, F. G. McDermid, Harry Greenfield, and Geo. C. M. Boothie reached the city at 10:30 on Monday night. They report having a very enjoyable time at both places. While there was considerable rain in the country, the roads were not too bad. The party arrived on Monday night at 10:30 and reached on Monday that the road began to be troublesome on account of the mud.

CITY ASSURANCE MAN GETS MOST NEW BUSINESS

J. A. Collins, of North American Life, Makes Record in Writing Assurance

An Edmonton man has just won a signal honor in having been elected to the presidency of the National Club for the North American Life Assurance Co. This honor has been secured by writing the largest amount of business of any agent in the North American Life Assurance Co.

SASKATOON'S FAIR AN EXCELLENT SHOW

Officials of Edmonton Exhibition Association Give It Praise

President West, Manager Stark and Arthur Davies, of the Edmonton Exhibition Association, who attended the Saskatoon Exhibition last week, are very enthusiastic about this event, and state that it was a success in every way.

The attendance was large and the exhibits excellent. One thing which impressed them very favorably was the spirit of co-operation which prevailed on every hand, and which went far to make the exhibition the success it was.

The five hundred commercial travelers who were present at the exhibition made Friday one of the busiest days in the history of the fair. The exhibition was a success in every way.

A meeting of the representatives from the different Methodist Sunday schools of the city was held in the McDougall church last night to consider holding a picnic of all the officers and teachers in the city. After fully discussing the matter, it was unanimously decided to hold it on Monday, Sept. 3, in the East End park, commencing at 2 p.m. The following committees were appointed:

EXAM. FAILURES TO BE SUBJECT OF INQUIRY

School Management Committee Decides To Make Investigation—May Be Teachers' Fault

The public school management committee decided at its meeting yesterday to investigate the cause of the large percentage of failures in grades eight and nine for some schools in this year's examinations with a view to advancing the pupils. It being considered that the failures may be due to weakness of the teaching staff.

W. Rea, chairman of the board, introduced the subject by saying that a number of letters from parents had been received severely criticizing the board and the teachers. He understood that the percentage of passes in grade eight in some schools was very poor, and he felt that there was some negligence and shortcomings on the part of the teaching staff.

Dr. McPherson and Mr. Rea were appointed to meet the members of the Edmonton Dental association, and endeavor to arrange for the carrying out of the dental treatment of the children without charge, but they realized that as long as the board could give notice that this could not be done, the power to appoint a paid dental surgeon.

After considering the two resolutions submitted by Grade VII teachers and the principals of the larger schools which embodied requests that provision should be made for additional help in organizing the schools at the beginning of the terms, and also that assistance be provided for clerical work in the principal's office.

DR. MACALLUM TO SPEAK THURSDAY

Is Chairman Of Important Dominion Research Council

Dr. A. R. Macallum, chairman of the Dominion advisory council of scientific and industrial research, who is now in the city, will address the Rotary club at the Canadian club, and the board of trade at the Macdonald hotel at 12:30 p.m. Tuesday.

OPINIONS DIFFER ON ORIGIN OF GAS

Sewer gas has been complained of by the residents at 10th avenue. After carrying out investigations Superintendent Evans, of the sewer maintenance department, says that the assumption of sewer gas is incorrect, and that the gas is coming from the oil fields.

A \$50,000 interdenominational college will be erected in this city before the end of the present year, according to plans that are being carried forward by leaders in the religious community. Several thousand dollars have already been pledged by adherents of the proposed college and support has been promised from distant points in Saskatchewan. Districts throughout Alberta who have been receiving spiritual leadership from students sent out by the Beulah Mission have also promised to do their share in defraying the cost of the college.

LIEUT. R. L. JAMES, AVIATOR, KILLED

Lieut. R. L. James, Royal Flying Corps, son of R. L. James, J.P. of Poncha, Alberta, was fatally hurt while flying at Brooklands with his machine on Friday, August 3. He had just returned from Egypt where he had been engaged in active service. In civilian life he was a brilliant scholar, taking his B.A. and B.Sc. at Cardiff university, Wales.

WILL FIND MEN SUFFICIENT TO HANDLE CROP

Deputy Minister Of Agriculture
Craig Says Men Are Arriving
Every Day

"We expect to get sufficient help in Alberta this year to harvest the grain yield, but there will be no labor surplus," said H. A. Craig, deputy minister of agriculture, to the Bulletin Tuesday morning when discussing the question of farm labor.

Mr. Craig said that office had been opened for distribution of labor in Edmonton, Calgary and Lethbridge. The Edmonton office is at the government buildings in the department of agriculture, the Calgary office with the Commercial Bank, and the Lethbridge office at the Board of Trade. From these distributing points men are being sent out at the rate of a cent a mile on the various railways.

"Already a large amount of farm help is arriving daily," says Mr. Craig, and is being distributed in accordance with the requirements. Needs of various localities are being ascertained by means of circulars sent to the various localities. Farmers of Alberta unions and boards of trade.

Contrary to the custom which has been followed in the number of years, no harvesters' excursion trains will be run from the maritime provinces nor from British Columbia to the western prairies this year. Although no official notification has been issued to that effect and while the federal authorities have not yet made public their decision in the matter, it is believed that this is the case.

ONE-MAN TRAMS URGED ON EDMONTON

Lady Writes Letter to Mayor,
Telling How They Are
Operated

"Great Falls is what Edmonton was like in 1912. A real live American city," says Mrs. E. C. C. Champion, of 5503-95th avenue, in a letter to the mayor and council.

RAISE \$50,000 FOR NEW COLLEGE; Bible Institute to be Erected Here

Edmonton to be Made Headquarters for Inter-denominational College—Beulah Mission to Co-operate.

A \$50,000 interdenominational college will be erected in this city before the end of the present year, according to plans that are being carried forward by leaders in the religious community. Several thousand dollars have already been pledged by adherents of the proposed college and support has been promised from distant points in Saskatchewan. Districts throughout Alberta who have been receiving spiritual leadership from students sent out by the Beulah Mission have also promised to do their share in defraying the cost of the college.

CHAUVIN FAIR BROUGHT OUT SUPERIOR SHOWING OF STOCK

Live Stock Won Commendation From Judges—Domestic Exhibits Are Also Praised—Keen Competition In Sheep, Wheat, Oats And Barley—Educational Effect Aim Of Directors

(Special to the Bulletin) Chauvin, Aug. 6.—Chauvin's sixth annual agricultural exhibition was held Wednesday, on the 20 acre agricultural park immediately next to the public school, about to be enlarged and within the town limits.

The live stock exhibits in general were superior in breeding and condition to those of last year. They all gained high commendations alike from the government judges and also visitors.

T. Rawlinson, who judged the horses, stated that while the exhibits were not quite as numerous as might have been expected, their high standard was remarkably high and well above the average prevailing at country fairs. He indicated his intention of commending the fair in his report.

The exhibits of Shorthorn and Polled Angus cattle were also very highly commendable and showed that in a short time the district will gain a big reputation for this class of stock. There was an increase of competition in the sheep classes, whilst owing to the hot weather recently prevailing the number of pigs brought in were less. The pedigreed Yorkshires were strong in quality.

Domestic manufactures gained high commendation from the judges, Mrs. Dowell, of Edmonton, bread, butter, and cakes all were worthy of placing in a city exhibition. The keenest competition of the day was undoubtedly for sheep fairs, wheat, oats and barley, in which classes the task of the judge, Mr. J. A. Weale, was particularly exacting.

Only after great pains-taking comparison could a decision be given. This is particularly gratifying when one bears in mind that this has been a dry summer and this is commonly called a dry district.

It has ever been the aim of the directors of the Chauvin Agricultural Society to keep the fair open for educational features, rather than making it a sports day, and in consequence it may be safely assumed that every one of the new exhibits of 1917 were there for agricultural interests.

The day was suitably closed by a dance in the Exhibition hall in aid of the funds of the Red Cross society. The following is a list of the prize winners.

PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS

Go to your bosom; knock there and ask your heart what it doth know.—Shakespeare.

Capt. W. F. Moore, who has been visiting his son, Mr. C. W. Moore, 7624 108th street, has returned to his home in Dundas, Ont.

Mrs. R. N. Beatty, 127th street and son Franklin, left the city on Tuesday for a visit to Seattle.

S. H. Muttart is spending a few days at Seba Beach.

Charles Hansford of Regina will visit his brother in this city en route to the Canadian Rockies which he intends to tour from Sarnia through to the Kettle Valley route, by which he will return.

Miss Bertha Davis has returned to the city after spending a short vacation the guest of Mrs. S. H. Muttart at Seba Beach.

Miss W. Mariatt left Wednesday afternoon via the C. T. P. steamer for Prince Rupert, en route to Edmonton and other points of the prairies, where she will spend her vacation. She will spend a month visiting her parents in Portage la Prairie—Victoria Colonist.

Mr. and Mrs. C. Balmer McAllister of High Prairie are guests at the Macdonald.

Mr. Chas. C. Moeller of the staff of Bothe & Morrow has returned from a two week's vacation spent at MacLodge, Seba Beach. Mr. Moeller is greatly pleased with the rapid advancement that the beach has made the past year.

Child Irritable From Itching Rash On Face Healed By Cuticura

"The trouble began with a small rash on my little boy's face and itched a great deal. It was inflamed and red and he was very irritable. The breaking out disfigured his face for the time being. He scratched the sore eruptions until they would bleed, especially at night. I used ... but it did not heal him. I sent for a sample of Cuticura Soap and Ointment and then bought more, and the trouble disappeared." (Signed) Mrs. J. S. Bell, Hope River, P. E. I., Feb. 18, 1916.

Cheap soaps, harsh soaps, coarse, strongly medicated soaps are responsible for half the skin troubles in the world. They make little irritations into great ones. Stop the use of all doubtful soaps. Use Cuticura for all toilet purposes. Help it with touches of Ointment applied to any redness, roughness, pimples or dandruff.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

"THE WORLD'S GREATEST HIGHWAY"

Lieutenant-Governor Will Take the Chair At Food Control Meeting

His Honor the Lieutenant-Governor will preside at the mass meeting to be held under the auspices of the Consumers' League on Thursday evening, August 16th. Speakers will include a member of the Provincial board, which is working in conjunction with the Federal Board to bring about in the most practical and generally satisfactory form, the conservation of food necessary to win the war. Representatives from the larger organizations in the city will also address the meeting, which promises to be largely attended.

Miss Inkman of Vancouver who has spent a few weeks in Edmonton.

A picnic was held at Redwater on July 7 in aid of the Red Cross. The money raised amounted to \$109.85. Expenses amounted to \$35.74, leaving a balance of \$74.11 to be donated to the Red Cross fund. Theodore Chas. Vaux, 539 during July. The next meeting of the above will be held at Mrs. Main's home on August 23 at 2 p.m. A full attendance of members is requested.

One of the most diligent workers at the recent picnic to the returned soldiers at South Cooking Lake was Mrs. Upwright. It was through her efforts that a couple of extra cars were procured to take the men back to town. The ice cream provided for the picnic was contributed chiefly by the few bachelor farmers of the district, most of whom have been refused for active service.

Mrs. C. L. Richardson left Sunday via C.N.R. for the coast to be away a month.

It is with a great deal of pleasure that all interested and those who did so much toward the success of the garden party on Saturday in aid of the Red Cross, should find that the result was a most successful one. The party of one hundred and thirty dollars. Mrs. Leslie Jennings deserves a great deal of praise for her efforts, and also her co-workers, Miss Fenton. While it may not be generally known, these two ladies were the prime movers in one of the season's nicest events, so thoroughly appreciated by all.

Mrs. Albert Zwicker leaves the city on Wednesday for several months' visit with friends in Hamilton, Ont.

Mrs. F. E. James has as her guest her sister, Mrs. (Dr.) Campbell of North Battleford.

Miss McIntosh of Guelph, Ont., is expected in the city the end of the week to be the guest of Miss Jean Turnbull for a month or so. Miss McIntosh is visiting at the coast at present and will spend some time with her school and before returning to her home in the East.

The Misses Helen and Margaret McGee have returned from one of their enjoyable holidays at Gull Lake, where they were the guests of Miss McQueen and Mrs. E. T. Bishop.

Miss Mae McDermid is spending her vacation at Gull Lake the guest of Miss McQueen.

Mrs. H. W. Joslin of one hundred and sixth street, has just returned from Gull Lake, where she spent a very pleasant holiday.

Mrs. Duggan is filling Miss Boomer's place on the staff of the Victoria Order of District Nurses, while Miss Boomer is on her holidays. Miss McLeod of the same order has returned from her holidays spent at Banff.

Alec Whitelaw, son of Dr. and Mrs. T. H. Whitelaw, is holidaying with relatives near Guelph, Ont., for a month or six weeks.

Mrs. Donald Carter and two children, who had a cottage at Banff for the month of July, returned to the city last Thursday.

Miss Grace Moir, who has been visiting Mrs. Geo. L. Edmondson for the past few days, has returned to her home in Winnipeg.

Mrs. D. Totten of Winnipeg is the guest of Mrs. Geo. L. Edmondson for a few weeks.

Miss Elizabeth Bradshaw, general secretary of the Y. W. C. A., accompanied by her sister, Miss Myra Bradshaw of Vancouver, on Monday night as a farewell to Miss Winnifred Cruikshank who is leaving shortly to join her father in the mountains where they will spend some time before proceeding to Victoria. Miss Cruikshank will be accompanied by her friend

SOUTH SIDE DIARY

Mrs. (Dr.) Jamieson and maid are staying with her sister, Mrs. Kerr, University campus, while Dr. Jamieson is away down East. Dean Kerr is expected home the end of August from California.

HIS LEAVE EXTENDED
Lieut. A. C. Kerr, on leave from the front, has received word that a six week's extension has been granted to him.

That narrow silk fringes are on the brims of sailors, and take away from the hard, harsh line that this shape is likely to convey.

That there's a hint of a new silhouette in separate coats, one that binds in the line of the hips, after the fashion of the individualistic robes worn by Sarah Bernhardt.

That what were formerly called bad mothers were then only overworked and over-worried mothers, remarks Judge Neil, of Chicago.

That calico costumes will be worn at the red, white and blue ball for officers of the New Jersey brigade, National Guard, at a big Spring Lake hotel.

That Lady Braid, who owns dachshunds, has resorted to them their English name, for they were not originally a German breed, and call them "spit" dogs, for they were used for turning the roast in the brave days of old.

That rouge and toilet powders are so extensively used by Japanese women that there are shops that deal exclusively with this stuff and are indicated by a small red flag, signifying the color which the powder will make the cheeks.

Women's Exchange

TODAY'S INQUIRIES

To the Editor of Woman's Page: Dear Madam—I would like to know if there is any way of keeping fruit, such as gooseberries and currants, fresh and green for some time after picking as I have some which I would like to keep for the fair a couple of months from now. Please let me know if possible and oblige. Mrs. E. A. Water, Edm., Alta.

Pure alcohol will preserve fruit just as it comes off the bush or vine for any length of time. Your best plan would be to write to the department of agriculture for directions, as they would be sure to give you minute details and correct.

To the Editor of Woman's Page: Dear Madam—Can you tell me through your column why all eggs sink in water, and still they seem fresh? I remain, yours truly, ELISE J.

Some Sandwich Fillings. To the Editor of Woman's Page: Dear Madam—Please print directions for cleaning a covert cloth suit.

To Wash Silk Shirts. To the Editor of Woman's Page: Dear Madam—Will you please tell me how silk shirts should be washed to prevent them from turning yellow and wearing out so soon?

All silk shirts will turn yellow in time, but this can be prevented for some time if they are washed carefully in warm (not hot) soapsuds, using a pure white soap. Never rub soap while material is wet. Rinse in clear water, to which a little borax has been added, hang in the shade and while still damp iron with a very cool iron.

Some Sandwich Fillings. To the Editor of Woman's Page: Dear Madam—Please tell me of some new filling for sandwiches. I have used lettuce, chicken and pimento. M. D. G.

Peanuts may be combined with salad dressing to make unusual and very delicious sandwiches.

Grind the nuts in a regular meat grinder, then mix them with enough mayonnaise dressing to make a paste. Flavor with salt to taste and spread on one slice of bread. Use second slice simply to be placed over the first. It need not be spread.

Another filling that is rather different is made of stuffed olives and hard-boiled eggs. Grind up the olives and eggs and mix them with mayonnaise. This makes a very good filling and goes a great way.

Summer-Spoiled Skin Removed by Absorption

As undue summer exposure usually leaves an undesirable surface of tan, redness or roughness, often the face, the sensitive thing to do is to remove such surface. There's nothing better for this than orpary mentholated cream, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, leaving a new, healthy skin underneath. No detention indoors. Spread the face lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mentholated wax at the drugstore, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.

Don't let those summer wrinkles worry you. Remove them by the use of mentholated wax. It is a solution of powdered axolite, 1 oz., dissolved in 15 cc. of which base. Used daily for a while this will be found wonderfully effective.

TO PAY FINE ON INSTALMENT PLAN

Sherman Wagar, convicted of a breach of the motor vehicle act, started the police court Tuesday morning when he made the novel suggestion that he be permitted to pay his fine of \$7 on the instalment plan. "I haven't got all that money with me your worship," he said, "but I can pay a few dollars 'down' now and some more at the end of the week." Rather than send the man to jail for a temporary financial embarrassment the court agreed to his request and an initial payment on the debt was accordingly made to the clerk.

REV. MR. ESLER TO PREACH

Rev. Alex. Esler of Calgary will conduct morning and evening services in Westminster church on Sunday next. Rev. Mr. Esler was formerly minister of Cooke's church, Toronto, and has also held important churches in Philadelphia. He is a native of County Antrim, Ireland.

CANADIAN NORTHERN ALL THE WAY

ECZEMA

ECZEMA is not a disease of the blood, and therefore cannot be cured by internal treatment. The curative agent must be applied directly to the inflamed, itching skin. To know this is to save much time and suffering, for it is on this account that Dr. Chase's Ointment has been able to establish such an enviable record as a cure for eczema and kindred diseases of the skin.

Dr. Chase's Ointment

50c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Be suspicious of the druggist who tries to talk you into accepting a substitute.

Behind the Footlights

What the Advance Man Says

REAL IRISHMAN NOT HERE DELINEATOR

There are two acts at the Pantages theatre this week that are so universal that they appeal to all eyes, ears, and stomachs. The first is the play "The Daring of Diana," which is on the screen at this theatre for the last time today. The second is the play "A Wife by Proxy," which is on the screen at this theatre for the last time today. The first is the play "The Daring of Diana," which is on the screen at this theatre for the last time today. The second is the play "A Wife by Proxy," which is on the screen at this theatre for the last time today.

PHOTOPLAYS

Publicity men tell of current attractions on the screen in local picture houses.

REALISTIC ARE SCREENS

Realism was the big thing aimed at in the production of "The Daring of Diana," which is on the screen at this theatre for the last time today. The production is a masterpiece of realism, and it is this realism that has made it so popular with the audience.

"A WIFE BY PROXY"

In the new Metro-Talkies wonder-play, "A Wife by Proxy," which is on the screen at this theatre for the last time today, Mabel Taliaferro, the star, figures in a story of love and adventure. The story is a masterpiece of realism, and it is this realism that has made it so popular with the audience.

SAYS SERMON WAS MISUNDERSTOOD AND DISTORTED

MOOSE JAW, Aug. 7.—Rev. J. D. Harley, whose sermon in St. Andrew's Presbyterian church Sunday evening received a request to Mayor Davidson to have him sent out of town or interned, today in letters in local papers explains himself and denies that the statements attributed to him were his own views, and says that they were "American on the street at the early stages of the war."

WAR'S TOTAL COST NOW 623 MILLION

Over 300 Millions Advanced to Imperial Government for Munitions.

OTAWA, AUG. 7.—The following summary as to Canada's war expenditures and our financial assistance to Great Britain has been compiled by the officials of the finance department:

Total war expenditure to July 30, 1917, including estimated amount for upkeep of troops in France, \$623,000,000.
Present rate of war expenditure per day in Canada and abroad \$850,000.
Since the beginning of the war the Dominion government has made advances to the Imperial munitions board for the purchase of munitions, aeroplanes and ship construction of \$128,000,000, and advances for the purchase of cheese, hay, flour, etc., of \$22,000,000, a total of \$150,000,000.
The amount owed Great Britain on account of the advances made by the Dominion government has been advanced to the Imperial munitions board for the purchase of munitions, aeroplanes and ship construction of \$128,000,000, and advances for the purchase of cheese, hay, flour, etc., of \$22,000,000, a total of \$150,000,000.

AMENDMENTS INTRODUCED TO LIQUOR ACT

In Aid Of Provincial Legislation—Deals With Distribution And Advertising.

OTTAWA, Aug. 7.—When the house resumed this afternoon, Hon. C. J. Doherty introduced a bill to amend the act in aid of provincial legislation prohibiting or restricting the sale of intoxicating liquors. The bill provides that action against persons who either have taken or in the place whence liquor has been sent or in the province to which the liquor is sent. A further amendment provides for the seizure of liquor in connection with which a conviction is secured. A third amendment provides for the prohibition of the circulation of advertising matter for the sale and liquor in such provinces as have undertaken to prohibit such advertising through the mails to such a province. "Will this prevent Ontario houses from sending ads" to Quebec houses?" asked Charles Macle. "If the province of Quebec prohibits such advertising," said Mr. Doherty. A further amendment provides against clashes between the Provincial Medicines act and provincial prohibition legislation. Any penalty imposed under the first act, while in addition to penalties provided for under provincial prohibition legislation, with regard to alcoholic beverages.

LICENSES FOR COWS MUST BE SECURED

The City Health department is out to round up the cow owners, owing to the alleged neglect of so many of them either to apply for a permit to keep cows or to license to sell milk. It is said that there are more individual family cows kept in the city now than has been the case for a long time, yet the revenue for licenses and permits has dropped down to practically nothing in comparison with what it was at a year or so back. It must be understood that no one can keep a cow within the city limits even if the milk is used exclusively by the one family, without a permit from the Health Department, and the milk is sold to a dairy license has to be obtained, which subjects the premises to inspection as in the case of larger dairies. The cost of either permit or license is \$1.00. Cow-keepers are warned that the dairy and milk inspectors are making a round of the city looking for offenders.

OVER 1,000 MEN A WEEK

OTTAWA, Aug. 7.—Recruits enlisted during July numbered 4,257. Of these 2,405 were recruited during the last two weeks of the month. The enlistment was as follows: London, 242; Toronto, 1,104; Kingston, 163; Montreal, 218; Quebec, 24; Maritime Provinces, 216; Saskatchewan, 46; Alberta, 48; British Columbia, 152.

LEUT. ROGERS GETS M.C.

London, Aug. 7.—Flying corps, has been awarded the Military Cross. He belongs to Lethbridge and is a nephew of the Hon. Robert Rogers.

TENDERS FOR SCHOOL HOUSE

Sealed Tenders will be received by the Board of Trustees School District No. 444, Battle River, up to noon August 15, 1917, for the erection of a frame school building. Plans and specifications may be obtained from the Secretary-Treasurer on payment of a deposit of \$5.00, which will be returned on the day of the opening of the bids. The lowest and best tender will be accepted. The Board of Trustees, Battle River, B. C.

Mortgage Sale of Farm Property

PURSUANT to the directions of the Registrar and by virtue of the powers of sale conferred by the Mortgage Act, a certain mortgage which will be produced at the time of the sale, there will be offered for sale the real estate of William Mason, in the Village of Bon Accord, in the Province of Alberta, on Saturday, the 11th day of August.

At 10 o'clock, the hour of three o'clock in the afternoon, the following property, namely:

The South east quarter of section twenty-five (25), township fifty-seven (57), range twenty-three (23), west of the Fourth Meridian, in the Province of Alberta, containing by admeasurement one hundred and six (106) acres more or less, reserving unto His Majesty, his Successors, and Assigns, all mines and minerals, and that there is erected on said land at the time of the sale, and the balance according to the terms and conditions of the mortgage, a certain building, to be sold by or upon application to the Vendor's Solicitor.

Approved: W. FORBES, Registrar.

Day Phone - 9324
After 5.30 p.m. - 5883

All telephone instructions regarding advertising are at sender's risk. Such instructions should always be confirmed in writing.

RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS

Situations, Vacancies, Positions Wanted, Rent, Articles for Sale, Lost or Found, Business Cards, etc., 10¢ per word per week. For longer periods, 10¢ per word per month. No advertisement taken for less than 25 cents.

In computing the number of words in an advertisement, each word of five or less figures one word. Dollar signs and all abbreviations each count as one word. Advertisers who desire may have replies addressed to a box at The Bulletin, and forwarded to their private address. A charge of 10¢ is made for this service. This charge covers insertion in both Morning and Evening Editions of the Bulletin.

Special contract rates for standing cards full information on which will be given at the Office.

BUSY'S LASSIE DEFEATED BY EARLY DREAMS

Lost Second Important Stake In Grand Circuit This Year At Columbus.

COLUMBUS, Ohio, Aug. 8.—Busy's Lassie, conceded before the event to have almost a strangle hold on the grand end of the purse in the \$5,000 and \$8,000 stakes for 112 trotters, was eaten today in the feature event by Early Dreams, losing her second important stake in the Grand Circuit this year.

The second race on the card developed the strongest betting of the meet, Busy's Lassie selling for \$800 in pools that were going for \$120 on the field. The favorite made good and never was in danger. Driver Cox was fined \$25 for not trying to win in the first heat.

The 112 trot was an easy win for The Toddler, driven by Mr. Valentine.

CANADIANS SHINE IN ATHLETIC LINE

London, Aug. 7.—A carnival of military sports held today at Stamford Bridge, representatives of the Canadian Headquarter won three of the relay races on the program. In the officers' 100 yards dash, Lieut. H. C. Jardine was first and Capt. F. Knight of Headquarters, second. Canadian boys landed four of the prizes in the one and two mile relay races, and took a first and third in the 500 yards relay.

Sporting Facts and Fancies

Al Mamoun, the Pirate Pitcher, has fished, more or less. His average for winning games is about one in five. Better get a hustle on, Al, or the Pirates'll drop you overboard.

Jack Barry, manager of the Red Sox, may be released to Uncle Sam for the duration of the war. If he is, Bill Carrigan will pilot the team through the rest of the season.

Among the prominent gentlemen who have been cracked under the strain of the taking of the place of the "Has Been" club will soon be enriched by the presence of this Giant pitcher.

Well, fellows, it looks like Indianapolis, all right. Jack Hendricks is wearing a big grin as he watches his team pull out ahead of the other American Association clubs. Any bet?

That new Pirate uniform seems to fit Mr. Debus pretty well. He faces the daily stunt of the inflexible like a veteran and Manager Besdek is pleased with his find. So everybody is happy thank you.

As was predicted, offers to Benny Leonard to box are coming in at a great rate and each one of them promises more money than the preceding one. Benny is now sitting tight and contemplating the offer made by Jack Curley of \$30,000 to box Charley White twenty rounds to a decision. Benny is to get the \$30,000 win, lose or draw. Curley wants the bout staged no later than October 30, the place he has decided later. Incidentally, Benny can bring along his mother and brother and a couple of his aunts. If he wants to, it won't cost him a cent, for Curley will throw in four round trip tickets to wherever the bout is pulled off. Gee, ain't it great to be a champion!

Young Mike Donovan. Fight fans are asking themselves what has become of Young Mike Donovan, son of the celebrated Prof. Mike Donovan, who for more than thirty years was boxing instructor at the New York Athletic club and before that was the middleweight champion of America in the old bare-knuckle days. Young Mike a few years ago looked like a corner in the middleweight division and certainly caused a lot of trouble for his famous old pop he should have developed into a champion. Young Mike is a native of New York and is just twenty-five years old. Like his father, he has always lived cleanly and sanely. At an early age he acquired great knowledge concerning the ring and gave promise of big things.

Prof. Mike, his father, was among the first contenders for the middleweight championship of America. After fighting through the Civil War, Mike made his ring debut in St. Louis in 1886, losing on a foul after fighting ninety-six rounds. He was not until the following year that the American middleweight title was first fought for, in California, Tom Chandler defeating Dooney Harris. Chandler retired a little later and George Rooke claimed the championship. In 1894 Mike Donovan, who had been coming to the front rapidly, defeated Rooke and became the recognized middleweight leader. He was never defeated, and held the title until 1902, when he quit the ring to take up teaching the many art at the New York Athletic club. Jack Dempsey and George Fullam, a Canadian, battled for the title for the first time in 1903. Several years later Professor Mike returned to the ring for one night only, to fight Dempsey, just because he thought Jack had a good licking coming to him. To the surprise of fight fans the veteran had the best of the champion in nearly all of the six rounds, and Dempsey was lucky to get a draw.

1903—Stanley Ketchel knocked out Mose Lafontise in 24 rounds at Butte. This was the first time the middleweight champion went up against a real boxer. Lafontise was a veteran at the game and possessed a goodly store of ring knowledge and a wallop that had put many a good man to sleep. Mose made a living by traveling about the country taking on local celebrities, and he seldom failed to clean up. Ketchel was then a "bouncer" in a Butte dance hall, and while he had fought a few bouts with local bullies, he knew next to nothing of boxing as a science. Lafontise gave him a lot of lessons in the course of that bout, but Stanley took the fight to the limit, and after a hard battle, he won by a knockout. Several years later Professor Mike returned to the ring for one night only, to fight Dempsey, just because he thought Jack had a good licking coming to him. To the surprise of fight fans the veteran had the best of the champion in nearly all of the six rounds, and Dempsey was lucky to get a draw.

GLENREAGH ESDELES DEFEAT G. W. G. IN AN EXHIBITION GAME

Bulletin Correspondence.—Born to Mr. and Mrs. Chas. Wasmuth (nee Birch, Finch) of Edmonton, on July 31st, a son.

Mr. Louie Wajs received a very painful injury on Monday while oiling his gasoline engine. In some way his coat caught in the wheel and dragged him against the engine. He received several severe cuts about the head which necessitated the taking of ten stitches. Dr. Westlock dressed the wound, then took the injured man with him to Westlock that he might take care of him.

The Paddle River District Agricultural Society gave a picnic and dance at Barhead on Friday, July 27th. A large and enthusiastic crowd of pleasure seekers were in attendance and every thing passed off without a hitch. The chief attraction was a double-header ball game, the teams being Dusseldorf vs. Barhead. Owing to the heavy slugging of both teams it was necessary to use a reliable pitcher present. Owing to the various changes of score keepers the correct score was lost, and the reports of the many interested on-lookers were so conflicting that a return date is now being arranged for when a qualified score keeper with an adding machine will be secured to help settle the dispute.

The services of Mr. Dick South-worth have been secured for official time keeper at the next game, he will then be in charge of the score. Mrs. W. Johnston of Mellowdale is on the sick list this week. Angus is leaving shortly for France with the motor transport corps. It was the liveliest and most agreeable party ever gathered together and a great time was the best time they had spent in many a long day. Angus will carry with him the memory of the Jolly crowd who all wished him God speed and a safe return. The party broke up with all singing the old familiar song, "For He is a Jolly Good Fellow."

Pat Luce marketed some hogs this week and is bringing home a new binder.

Raspberries are beginning to ripen and prospects are good for big crops again this year.

There will be a ball game between Westlock and Manola at Barhead on Friday, a big dance in the evening. Glenreagh, July 29.

G. E. McLeod is DELEGATE

Peace River, Aug. 4.—George E. MacLeod was appointed delegate to the Liberal Convention which is being held in Winnipeg at the meeting of the Peace River Liberal Association this last week. As Mr. MacLeod was in Edmonton at the time, a wire was sent to him asking him to attend the Winnipeg meeting.

BIG STRIKE IN N.S.W.

Sydney, N.S.W., Aug. 7.—A strike of railway and street railway employees which had been in progress for some days now affects 20,000 men and is seriously hampering the coal mines and other industries.

As the Old Boy says:

"When it is solely a matter of quality, the Cigar smoked is a PROMOTER BLUNT."

They Agree To Disagree

The farmer, blacksmith, lawyer, doctor, politician and man in all walks of life have different ideas on the commercial and industrial problems of the day. They are the problems only as they appear to them in their industrial life.

But they unanimously agree that there is only one refreshing, invigorating drink—one that pleases all tastes—and that is

MALTON

(Engineered)

They like it because it is sparkling, foamy and has just a slightly bitter taste—making it extremely refreshing and a health-giving and giving it a quality of flavor that goes down like a feather. It is a natural, not a synthetic, drink. It is a natural, not a synthetic, drink. It is a natural, not a synthetic, drink.

Good grocers and druggists sell it by the case. Also at soda fountains, clubs, restaurants, etc.

Put up in quart, pint, half pint, or in cans.

The Great Northland

PEACE RIVER FAIR HELD THIS WEEK

Last Agricultural Show On Old Grounds—Island Available For Next Year.

Peace River, Aug. 4.—This is the week of the Peace River fair, and never since the annual exhibition was inaugurated has it been held with a more general feeling of optimism prevailing. The grain crop now looks pretty sure, barring the possibility of a heavy frost, and the farmers who have been almost holding their breath all summer, will come to town in a mood of enjoying themselves.

It will be the last fair held upon the old exhibition grounds, for assurance has been received from Ottawa that the big island in the river, opposite the town, will be available for next year.

The grounds for this year are in good shape, and the half-mile race track has been graded and dragged to make it as speedy as possible.

Special rates have been arranged upon the railway and a greatly enlarged prize list and a more pretentious sports program, there is no reason why it should not be the greatest success ever.

GROUARD

Bulletin Correspondence.—Mrs. J. A. Hackett who has been on an extended trip to western Ontario arrived home last Saturday morning.

Mrs. E. Hillard of Ottawa, came up on Sunday's train on a visit to her son Glen who is at present in the States. Mrs. Hillard has been re-engaged as teacher in the public school for the next term.

The weather during the past week has been very unfavorable for the farmers who are engaged in the hay business, as the weather has been unusually showery. But, of course, no one should not complain as it is the ideal weather for growing crops.

A. J. Bergson, manager for Revil-lon, Freres Trading Co., has returned to the post here, having spent a couple of weeks' vacation in Edmonton.

C. A. Burpee, formerly government telegraph operator here, came up on last Wednesday's train and intends spending his vacation in the hay fields.

A recent issue of the Bulletin said that there was considerable hay available for shipment in the High Prairie district, but the item is a little misleading since the hay is not so very close to Grouard and it was from Grouard and not from High Prairie that all the hay was shipped last winter, and a number of cattle from High Prairie were driven to the vicinity of Grouard to be wintered.

The large quantity of hay which was shipped last year will be only a small drop in the bucket to the amount which will be put up ready for market this year, and it does seem rather strange that in spite of the large amount of freight and express to say nothing at all of the passenger traffic which is done at Tomlin's Crossing it is still impossible to purchase a ticket to this point.

platform would be built at this point, but so far there are no signs of it being built, but perhaps they will start this work about the same time of the year as they started to put in the switch at this point last year and they have not finished it yet.

FORT ASSINIBOINE

Bulletin Correspondence.—Mrs. H. Wolbert of San Francisco arrived at the Fort July 27th.

Mr. McPherson of Edmonton is again in charge of the mail. He has a large crew at work and will soon have things humming.

The recent rains have saved the crops and gardens. Everything is looking fine again.

Mr. and Mrs. Kilfoyle and daughter Miss Florence, are visiting their sister, Mrs. W. B. Combes of this place.

Miss Florence Kilfoyle will teach the Ft. Assiniboine school this coming term.

Many of the farmers in this vicinity have been having a very dry summer so far has been very favorable.

Mrs. Fleming of Edmonton passed through this town, on her way to join her husband at Topland, on her way to join her husband at Topland.

Fort Assiniboine, Aug. 2.

Peace River, Aug. 4.—The largest shipment of furs since the war into Peace River this season arrived on the Northland Call from Fort Vermilion on Wednesday. There were over 100 bales in the consignment which represented part of last winter's catch of the Northern Trading Co., Fairweather Ltd., and J. H. Bryan.

The furs came from the McKenzie River, Fond du Lac and McMurray.
